

Mancino's Grinders & Pizza

Party Platter Information (revised 2/10)

Grinder Platters:

* A **small** platter holds 4 or less whole grinders. A **large** platter holds 5-7 whole grinders.

* A whole grinder is about 17 inches long.

- Whole grinders on platters are cut into quarters (1/4), so each serving is just over 4".
- 3 wholes = 12 pieces (or 18 pieces if cut into smaller 3" pieces)
- 4 wholes = 16 pieces (or 24)
- 5 wholes = 20 pieces (or 30)
- 6 wholes = 24 pieces (or 36)
- 7 wholes = 28 pieces (or 42)

Pricing:

For total cost of a platter, choose type and number of grinders from the menu and pay the price of each whole grinder. Then add \$3.00 per Small platter and/or \$4.00 per Large platter. Platter lid is included. For hotel banquet room orders, the platter fee is waived and platters are the property of Mancino's. If you choose to not have your grinders put on a platter, we can still cut in 1/4's & wrap them as wholes so you can place them on a platter of your own if you want.

Recommendations:

- Choose 3 or less different kinds of grinders for each platter.
- Whole grinders look and are served best when cut into 1/4's (about 4" sandwich) which is standard, but can be cut into 1/6th's (about 3" sandwich piece) if requested.
- We cannot separate the grinders into sections on a platter due to limited space, but do our best to keep like grinders adjacent to one another.
- Plan on 2 pieces/servings or less per person.
- If serving chips & cookies and/or soup & salad with the grinders, then the portions will go farther.
- Keep in mind who's eating also. If mostly men, they may need more. If mostly women, they may need less.
